Good morning Thomas,

I will check with our team on availability. Thursday after our standing meeting will probably work best, but let me confirm.

Thank you,

Subject: FW: 860528.000 FERC HQ Renovation - AV Q&A & POR Comments

Morning Carrie and Terry,
Following up from last week's design progress meeting and AV comments, I wanted to reach out to see if there would be availability to meet prior to Thursday's standing meeting (9:00 am) or afterwards (11:00 am) to review some additional questions from Tom Edge. In particular they would like to review the functional goals within the large conference room program.
Additionally I have attached the revised AV program report and budget attached for review prior to or after the Thursday morning meeting, once confirmed.

This will be a starting point for our discussion in that meeting. Let me know if you have any questions or if we need to coordinate an alternative time.

Tom

Subject: AV Comments

Lynn and Thomas,

Attached are the comments on the AV report I mentioned yesterday. We would like to set up a working session with SMW to further discuss and refine the requirements.

Please let me know if you have questions and when we can set something up.

Thanks.
